**Price List 2018**

**Radiator Systems**

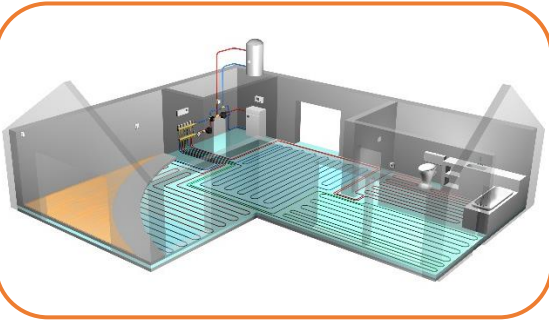

## Welcome

Welcome to the WTS radiator system price list, inside you will find information and prices on our range of radiator systems along with some useful information on areas to watch out for.

At WTS we have many years experience in designing and supplying heating systems and our commitment to quality and performance has led us to be known as one of the best design and supply companies in the heating market.

We believe in talking to our customers so please feel free to give us a call or drop us an email to discuss your requirements further.

## Design

Warm The Sole offers a full design service for your property, from heatloss calculations through CAD layout to optimising component choice to suit your project.

As with all projects there will be much in the way of changes to design, we can discuss your options throughout the lifetime of the project providing expert help and unrivalled advice from our knowledgeable design team. Any alterations can easily be accommodated, allowing you freedom to pursue your ideal design unhindered.

We provide a complete information pack with each design to assist all elements of the build, aiding the relevant tradesmen involved.

## Quality

Quality never goes out of style goes the old adage. Something we rigorously adhere to at Warm The Sole.

We have deliberated with many manufacturers, finding a range of products that are incredible value, but more importantly, extraordinary quality. We have succeeded.

The heating kit is not the only aspect to benefit from this regime. Our aspirations for quality service know no limits and we have a constant stream of returning custom as testament to our relentless desire to provide the best service possible.

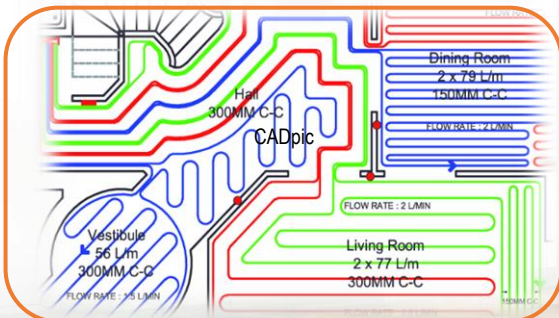

## Knowledge

Every WTS design has a lifetime of knowledge behind it. CAD is available if desired and for the larger more complex projects bespoke plant & wiring can be produced.

We have also a renowned expertise for integrated system & design with vast knowledge in balancing underfloor heating and radiator circuits and linking with renewables to provide super-efficient heating systems with miniscule running costs.

We have many glowing case studies available, including a stunning 5 star report from Heriot Watt University of one of our larger integrated systems, combining solar, ufn & pellet boilers

**MANIFOLDS**

Solid one piece nickel plated brass distribution manifolds with 3/4"EK take offs. They are supplied pre-assembled to suit the system required. The manifolds are supplied complete with isolation ball valves, fill/drain points, pressure gauges and mounting brackets. Also included are the nuts, rings and inserts for the pipe ordered.

Manifolds

Image	Code	Description	List Price
	ZL-112102TK	1" manifold, with lockshield & temp gauge - 2 way	£81.48
	ZL-112103TK	1" manifold, with lockshield & temp gauge - 3 way	£94.20
	ZL-112104TK	1" manifold, with lockshield & temp gauge - 4 way	£108.39
	ZL-112105TK	1" manifold, with lockshield & temp gauge - 5 way	£130.62
	ZL-112106TK	1" manifold, with lockshield & temp gauge - 6 way	£145.26
	ZL-112107TK	1" manifold, with lockshield & temp gauge - 7 way	£166.97
	ZL-112108TK	1" manifold, with lockshield & temp gauge - 8 way	£181.69
	ZL-112109TK	1" manifold, with lockshield & temp gauge - 9 way	£203.37
	ZL-112110TK	1" manifold, with lockshield & temp gauge - 10 way	£218.04
	ZL-112111TK	1" manifold, with lockshield & temp gauge - 11 way	£238.84
	ZL-112112TK	1" manifold, with lockshield & temp gauge - 12 way	£259.61

**ALPEX PIPE**

WRAS approved, useful for UFH, offcuts can be used for plumbing

Pipe - coils

Image	Code	Description	List Price
	806170085	BZ PERT_AL-PERT pipe 16x2-85 m	£77.35
	806170100	BZ PERT_AL-PERT pipe 16x2-100 m	£91.00
	806170200	BZ PERT_AL-PERT pipe 16x2-200 m	£182.00
	806170300	BZ PERT_AL-PERT pipe 16x2-300 m	£273.00
	806540050	BZ PERT_AL-PERT pipe 25x2.5-50 m	£113.75
	806540100	BZ PERT_AL-PERT pipe 25x2.5-100 m	£227.50
	806650050	BZ PERT_AL-PERT pipe 32x3-50 m	£167.50

**MANIFOLD COUPLINGS MANIFOLD ACCESSORIES**

Spare parts and add-ons for our manifold range  
Nuts, rings and inserts for all our pipe sizes

Manifold Couplings

Image	Code	Description	List Price
	ZL-10391620	EK x 16/2 PEX/PERT fitting	1.25
	ZL-9178	Repair Coupler 3/4" x 3/4"	2.00
	ZL-41308	3/4" Ball Valve Set for Blending Valve Red & Blue (pair)	10.50
	ZL-9115	Manifold 3/4" Eurocone Blank	2.00

**PUMPS**

Thermostatic units and pumps for the WTS systems

Pumps

Image	Code	Description	List Price
	711222563	Salus MP200A A-Rated Pump 6m Head	87.50
		Pump Fitting 1½" F x ¾" M - each	5.99

**THERMOSTATIC RADIATOR VALVES**

TRV Sets

TRVs

Image	Code	Description	List Price
	150010010	15mm Angled TRV c/w Lockshield & Reducers	14.75

## Ultraheat Compact Radiators

Easy-fit, high efficiency radiators with a wide choice of sizes and shapes to suit any room at home or in the workspace. The most popular choice of heating solution amongst professional fitters of domestic radiators. The radiators have a 10 year guarantee and come in a huge variety of heights and lengths.

We have listed the most popular below, please give us a call for our full radiator price list.

	K1				K2			
	WTS List	UH RRP	Code		WTS List	UH RRP	Code	
Ultraheat Compact 600 x 400	£31.08	£81.73	UH1160040		£56.60	£148.73	UH2260040	
Ultraheat Compact 600 x 500	£33.74	£88.64	UH1160050		£64.79	£170.29	UH2260050	
Ultraheat Compact 600 x 600	£37.00	£97.22	UH1160060		£71.96	£189.13	UH2260060	
Ultraheat Compact 600 x 700	£43.07	£113.16	UH1160070		£83.94	£220.59	UH2260070	
Ultraheat Compact 600 x 800	£49.11	£129.10	UH1160080		£96.09	£252.48	UH2260080	
Ultraheat Compact 600 x 900	£55.19	£145.05	UH1160090		£107.75	£283.16	UH2260090

## RADIATOR KITS

The following kits are mainly for reference, we appreciate that there are far too many variables to display in a concise enough manner, however it does illustrate the fact that the composite pipe/manifold based price structure is a lot more palatable than a copper based piping system. Add in the fact that the installation involves no naked flames and has around 40% time less on site then the savings are truly awe inspiring. Talk to us for details on the complete range of options, including designer radiators

The radiator kits listed below, contain everything needed to

WTS Radiator Kits

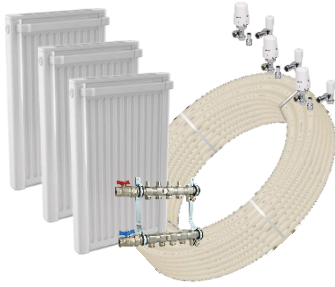

Image	Code	Description	List Price
	RADUH002	Complete radiator kit (see below) with 2 radiators	£375.85
	RADUH003	Complete radiator kit (see below) with 3 radiators	£467.08
	RADUH004	Complete radiator kit (see below) with 4 radiators	£559.78
	RADUH005	Complete radiator kit (see below) with 5 radiators	£674.17
	RADUH006	Complete radiator kit (see below) with 6 radiators	£767.32
	RADUH007	Complete radiator kit (see below) with 7 radiators	£931.24
	RADUH008	Complete radiator kit (see below) with 8 radiators	£1,024.47
	RADUH009	Complete radiator kit (see below) with 9 radiators	£1,151.96
	RADUH010	Complete radiator kit (see below) with 10 radiators	£1,245.14

This kit contains the following products.

- 1 radiator manifold with individual shut of valves and manifold isolation valves, complete with nuts, rings, inserts
- TRV and lockshield set for each radiator plus connectors for pipe.
- 5 layer PE-RT-Al- PE-RT Pipe with embedded oxygen diffusion barrier
- Ultraheat K1 radiators (sizes chosen from list below)
- Delivery & installation/technical manual included
